“光陰者，百代之過客，而浮生若夢。”（李白“春夜宴桃李園序”）

Amanda Wei Gallery was founded by collector Ms. Wei Li Yang in 2017, devoted to promoting modern and contemporary artists that represent culture and humanity. Based in the high-profile Central District of Hong Kong, the gallery provides an excellent platform for art lovers to share and collect.

As Li Bai finds sustenance in the poem for his illusory life, the undertaking of art is as well the journey towards achieving the meaning of life. Amanda Wei Gallery cares about the development and cultivation of Chinese aesthetics, seeks artworks with unique oriental spirit and great potential. Taking ethnic Chinese and international modern and contemporary art as a business core, we expand global partnerships with sincerity and persistence to become a professional art agent and exhibition platform. The gallery works with internationally significant academic institutions, scholars, curators, and collectors to conduct multidimensional exhibitions, cooperation, promotion, publication, and in-depth academic research.

Amanda Wei Gallery is now cooperating with internationally renowned artists including Alixe Fu, Zhou Chunya, Tan Ping, Lai Chi Man and more, and we look forward to driving international interaction to the Chinese market with more artists together in the future. “Passer-Byers are the living. The difference between life and death is that between dreaming and waking up.”

(Li Bai, “Spring Evening Banquet at the Peach and Pear Blossom Garden”)
